PEANUT BUTTER PINECONES

Coat the outside of natural, unscented pinecones with any type of peanut butter. Roll in mixed bird seed that would attract birds in your region. Tie the top with string and hang on a tree in sight of your favorite bird viewing window.

SUET CAKES

1 cup crunchy peanut butter
1 cup lard (no substitutions)
2 cups cornmeal
2 cups quick oats
1 cup whole wheat flour
1/3 cup raw sugar

Melt peanut butter and lard over low heat (or in microwave). Mix well and then stir in all other ingredients. Put the warm mix in a pan and allow to cool and set up in refrigerator. Cut into blocks sized to fit your suet holder. You can freeze and use later. Keep chilled.
