Facts on Longaberger Manufacturing Facilities

Frazeysburg

The Longaberger Company's basketmaking operations are located on an 830-acre campus adjacent to State Route 16 between Dresden and Frazeysburg (45 miles east of Columbus, Ohio). The Longaberger Manufacturing Campus has five buildings totaling more than 1 million square feet.

- **Building A**, completed in 1990, is a 210,000 sq. ft. facility that houses the company's employee fitness center and provides additional capacity resources.
- **Building B**, completed in 1996, totals 880,000 sq. ft. that accommodate basketmaking workshops; supply, research and development; the concept studio; the School of Basketmaking, and Manufacturing, Development and Human Resources administrative offices. Guests can tour the basketmaking facility from a mezzanine overlooking basketmaking workshops. The tour includes educational displays that convey Longaberger's company history, the tradition of our basketmaking craft, commitment to direct selling and philanthropic endeavors. In addition, the company in March 2007 opened the Longaberger Factory Store in Building B, where guests can purchase retired products, one-of-a-kinds and Factory Store exclusives.
- **Building C** is a 10,000-sq.-ft. facility used for production of wooden basket handles.
- **Building E**, a 120,000 sq.-ft. facility, houses Longaberger WoodCrafts® where solid-wood basket lids and dividers as well as furniture pieces are crafted. Building E also includes the Form Shop where basketmaking forms are constructed.
- **Building F/Customer Fulfillment Center** is Longaberger's state-of-the-art, 500,000 sq. ft. shipping and distribution center.
- Also located on the campus are the security command post, construction and landscaping departments and our Homestead facility.
